

NIH Inter-Institute Program for the
Development of AIDS-Related Therapeutics

Fill out this Letter of Intent (LOI) and submit it as an attachment via e-mail to the Inter-Institute Program Coordinator at iip@ntpax2.ncifcrf.gov. An acknowledgement of receipt will be sent back to you.

LOIs will be utilized by NIH staff to ascertain whether the proposed projects are indeed within the scientific scope and capabilities of the program and to help staff begin the process of selecting potential reviewers.

Applicant Information:

Name	
Title	
Institution/Company	
Mailing Address	
Phone	
Fax	
E-mail	

Where did you hear about this program (mark an "X" for all those that apply)?

Source	X	Comments
Scientific Journal (list which ones)		
NIH Guide		
Pamphlet/Flier		
Website		
Word of Mouth		
Other		

Would you be able to submit the entire application (including appendices) via e-mail in either Word, Word Perfect, or Adobe Acrobat format? This is not yet a requirement and should not be considered as instructions to submit your application by this route.

Yes	No	Comments

Project Title :

Summary (one paragraph only outlining the basis for the screening, therapeutic, or microbicide-based prevention strategy):

Resource Request (list specific tasks for which support likely will be sought, e.g., animal toxicology, formulation, synthesis, in vitro testing, etc.):
